daily discrepancy between our two dispatches from Cairo, the one from our special correspondent and the other from the agent of the Associated Press. Ou Sunday last, the former reported a fall of 20 inches, while the latter reported a rise of six tuches. The next day the latter reported a decline of 12 luches. Yes terday our special noted a swell of 20 inches, while the press dispatch said it rose but 15 inches. At this season of the year, when our planters have reason to apprehend an overflow, and when all they have in the world may be said to depend upon the height of the water, it is a matter of the utmost importance that reliable information should be given, and we hope that our correspondents at Cairo, as well as elsewhere, will see to this matter, and give accurate informa-

BUTTER. THE **ECONOMY BUTTER CO** 

ng pure prime Butter by aid of the

EXTRACT OF BUTTER PLANT. A brief aliusion to the origin withis important discovery may not prove founterwelling. Among the authenticated records of the renowned Captain Cook's verage around the world, is found the antennest, that while sejourning for a snort time on the Brazilian bases of South America, he observed the natives using, in the preperation of their food, a peculiar oil, which, upon exemination, he aund to possess the appearance, taste and flavor of Butter; upon further inquiry, low-ever, he secretained that it was simply a substance that the natives discilled in a crude and imperied manner from a reds and imperied manner from a reds and imperied manner from a reds and taxarizating that that was a replical country. A few years ago an eminent French chemish, while on a professional visit to the tropics, made numerous experiments with this remarkable production of nature, and succeeded in extracting a concentrated excense of the plant. The formula for its proposition, and the Sole Right for the safe in this company, by whom it wis purchased from the original discoverer.
